"THE MAN WITHOUT A COUNTRY"

The troubles of Nathan Cohen, "the man without a country," are over, the unfortunate man having died a few days ago in a sanitarium near New York. Several years ago Cohen came to the United States from Brazil and engaged in business at Baltimore. According to the alien law an immigrant who becomes a public charge within three years of landing must be taken to the country from whence he came. Cohen was deported, but the Brazilian authorities would not accept him, so he was sent to Argentina, where he was refused landing. Then followed a process of deportation, keeping the man upon the high seas, sailing back and forth between North and South America. The steamship company tried to wish the man onto Russia, which was his native land, but the Russian authorities refused to take him back. Finally the Knights of Pythias discovered that he had joined their order, and through their intercession, the immigration authorities were prevailed upon to permit Cohen to land, and he was taken to a sanitarium, with the provision that he was to be deported after the war.

Laugh today, and tomorrow you may forget your grouch.

Mrs. Mary E. Bigstaff, who has been under the care of a specialist in Lexington for the past ten days, is getting along nicely.

Mr. John Ragan, one of this county's foremost citizens, is quite ill and his friends are uneasy about his condition.

Mrs. Clay G. Fogg and Mrs. L. M. Gillaspie were in Lexington last week at the bedside of their aunt, Mrs. Cynthia Hart, who is quite ill at a hospital in that city.

Mr. James Kincaid was operated on for appendicitis at a Lexington hospital last week. His condition, though improved, is still serious. He was accompanied by Mrs. J. E. Turley and Mrs. D. C. Tipton.

DON'T CRITICISE

The fellow who is always criticising his own town is like the kid who hankers for a chance to pull the other kid's nose. He forgets that the condition of the town is most likely brought about by his own shortcomings and those of others of his kind. He sees only the delinquency of others and forgets that perchance his own may be even more glaring and destructive. He weaves a halo around his precious brow and bespatters that of his neighbor with ooze and slime. He sees evil where good exists, failure where success is assured, and poverty when prosperity is in the ascendant. If he, like the unruly kid, wants to pull anybody's nose, he would confer a favor upon suffering humanity by tweaking the bump on his own face. It needs it.

COUNTY HIGH SCHOOL NOTES

(By Breckinridge Horton.)

The long and dreaded examination week was passed successfully by all. High marks were reached by a great many, showing that the past year was spent in fruitful labor.

Last week we greatly enjoyed ourselves playing tennis. There are two excellent courts on our campus, and several of the student body are splendid players.

Down on the campus an old mother rabbit dug out a nest and now there are to satisfy curious eyes six wee cottontails, just beginning to get a glimpse of daylight. This happy family is a great attraction to the pupils, and we have seen that no one did them any harm.

Last Sunday night at the Presbyterian church, Rev. J. S. Wilson delivered one of the most inspiring sermons to the graduates of our school that has been preached here for some time. He pointed to the fact that vision beyond all was necessary for success, and that there is always a "fatal scratch" in things before us to avoid. We are deeply indebted to him for this kindness.

Monday morning there was a splendid exhibit in the chapel of our building of sewing articles by the pupils of the two sewing classes. Miss Buckman, a teacher in home economics at the State University, was the judge. There were sixty-three garments on exhibition, most of the pupils entering two. Misses Nellie and Gertrude Guilfoile won first and second prizes respectively. Miss Lutkeimer is to be congratulated for the fine progress of these classes.

Among our visitors last Monday was a Mr. K. Abed's who is in this country peddling Oriental goods and laces. He is a Syrian, born and raised in the holy city of Jerusalem. He came to America four years ago and established a small store in Louisville, Ky., but the European war closed his business. He then began his present occupation. Several of the boys in-

quired about the Holy Land and the old country. His replies and stories were very interesting.

This morning (Tuesday) the class day exercises of the commencement were held in the chapel. A large crowd was present, many friends and relatives of the graduates attending from different parts of the country. Everything proved to be a success. The floral decorations were furnished by the local florists, and Prof. Bruce Reynolds and Mrs. Emilee Hibler Reid furnished the instrumental music. The class was introduced by the president, Miss Nellie Guilfoile, and each graduate participated in the program. Tonight Dr. R. H. Crossfield, president of Transylvania College, will deliver the graduating address at the Christian church.

It is with deep regret to us that these notes will no longer appear in this column. School is now out, but we extend many thanks to the Advocate for publishing them, and to the subscribers for their attention paid to our school. May we all have a happy vacation.
